AMENDED IN ASSEMBLY MAY 12, 2003

CALIFORNIA LEGISLATURE—2003–04 REGULAR SESSION

ASSEMBLY BILL

No. 1649

Introduced by Assembly Member Simitian

February 21, 2003

An act to ~~add Section 48207.5 to~~ amend Sections 56836.16 and 56836.17 of, and to add Sections 48207.5 and 56836.175 to, the Education Code, relating to ~~pupil attendance~~ special education.

LEGISLATIVE COUNSEL'S DIGEST

AB 1649, as amended, Simitian. ~~Pupil attendance: residency requirements~~ *Special education: skilled nursing facilities.*

Existing

(1) Existing law requires a pupil to attend the public full-time day school or continuation school or classes in the school district in which the residency of the pupil's parent or guardian is located. Existing law provides an exception to this requirement for a pupil with a temporary disability who is in a hospital or other residential health facility, excluding a state hospital, located outside of the school district in which the pupil's parent or guardian resides by deeming these pupils to have complied with the residency requirements of the school district in which the hospital is located.

This bill would, in contrast, provide that a pupil with a temporary disability who also requires special education instruction and who is in a skilled nursing facility located outside of the school district in which his or her parent or guardian resides has not met the residency

requirements for the school district in which the skilled nursing facility is located.

(2) *Existing law requires the Superintendent of Public Instruction to apportion moneys to a school district and county superintendent to fund costs associated with placing a pupil in a nonpublic, nonsectarian school or agency for the purpose of providing special education instruction, designated instruction and services, or both. Existing law also authorizes the superintendent to reimburse a school district and county superintendent for costs associated with the assessment and identification of those pupils.*

This bill would extend that requirement and authorization for the purpose of funding costs associated with providing services to a pupil in a skilled nursing facility, as defined, when the pupil is directly served by a school district with an average daily attendance less than 3,000.

This bill would make other technical and conforming changes.

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~—yes. State-mandated local program: no.
